Photographs & Images

Quality:

Lower quality images can be used in the passport sized boxes. As a guide we recommend a minimum of 1.5MB for any of the photo boxes larger than the passport size. You can check the size of your image by right clicking on an image and selecting properties from the list if you are not sure.

Copyright:

Ensure you are only using images that you have a right use in your book - this will be a judgement call on your part but always err on the side of caution if you are unsure. If you need to get permission from parents to feature a child in your book - please use our photo permission form or check with the school as they may have their own version which covers this.

Stonemead Junior School

About Our School

Stonemead Junior School - is situated adjacent to the historic market green in the village of Bracken Dale.

It is a popular CofE Junior school and the majority of the pupils attending school come from Bracken Dale.

The age range of children who attend our school is between 7 - 11 years old. The staff, the parents and the pupils all work really hard together to make Stonemead a great place for pupils to learn!

This has been another fantastic year for everyone here at Stonemead Junior School! We have seen Ofsted come and go and again we have received another 'Outstanding' Report thanks to our fantastic staff, children and the amazing support we always enjoy from our parents.

In celebration of Stonemead Junior Schools Centenary we organised and enjoyed taking part in many exciting events including Victorian week where we all dressed up and acted out a typical school week!

Head Teacher's Interview

My funniest moment:

Um.... it has to be the time that Mr Bentley split his trousers in assembly. I had a good laugh about it myself when I got back to the office!

My most memorable moment:

The moment I will look back on this year with a smile will be - after months of builders and decorators - finally cutting the ribbon to our new library! It was lovely to see how surprised and delighted our pupils were.

Something I am proud of:

We will be aiming for our Gold Artsmark next year and the staff have been putting together many super ideas which will broaden Arts experiences for all our pupils.

My favourite job as a Headteacher:

I feel it is a privilege to get to know so many children and have the chance to encourage them, celebrate their successes and watch them develop as they travel through the school.

Primary 1 - Mr Andrews

I have now been at Stonemead for 10 years! My message to this years leavers is the same as the last 10 - 'Set your sights high and work your hardest'. My fondest memory of year 6 was the trip to France and the fantastic cabaret evening on the last night.

Primary 2 - Mr Bentley

I have loved teaching Year One and giving them a good start at Stonemead. My message to Year Six: 'Remember that all your experiences and time at school now are the foundations for what you will build in later life'.

Primary 3 - Mr Thomas

I am proud of the fantastic work that has been completed and all the hard study undertaken. Go out into the world and reach your potential. Everyone of you has so much to give to the world. I hope you will remember me with a smile when you are rich and famous!

Mr Smith

23

As the head of year 6 it's been fantastic to watch you all grown into the kind and smart individuals you are today.

You have come such a long way since joining us in Year R. I wish each of you the best of luck at secondary school and may you keep up the hard work.

Teacher's Report

Our Topics:

Being a specialised Science school we love everything to do with the Human Anatomy and making potions! The introduction of reading hour on Monday mornings has gone down a treat!

Days out/Special events:

Aside from the trip to France I was able to accompany you all on the remaining trips this year. I loved having a go at the highwalk at PGL, I think my legs have only just started wobbling!

Exciting activities we have done:

Whilst it is a sad day, your last day at school is also the most exciting. Watching you all leave to follow your dreams and start your new adventure excites me a lot. Remember to keep in touch!

Early in June an excited Y6 arrived at school bright and early all packed and ready for their journey to Stone Farm. Stone Farm is a residential centre which specialises in outdoor activities.

We were setting off for three days and two nights of fun! The time table for the week involved three days of action packed learning where we all got to learn new skills and overcome many challenges.
